Education Assistance Checklist

This worksheet is designed to be used for self-evaluation to determine if you meet the base requirements for the education assistance program.

Students who have completed the coursework to qualify to take the CPA exam are **not** eligible for tuition reimbursement.

To receive tuition reimbursement you must be able to answer YES to the following questions.

- Do you plan to take the CPA exam?
- Have you earned at least 120 semester hours (180 quarter hours) college credit?
- Do you still need coursework to qualify to take the CPA exam?
- Are you enrolled at an Ohio college or university?
- Are you an Ohio resident eligible for in-state tuition?
- Are you in good academic standing?
- Are you responsible for full or partial payment of your tuition cost?

If you have answered YES to all of these questions you may be eligible for the education assistance program offered by the Accountancy Board of Ohio. Please visit our web site at <http://acc.ohio.gov/CPAExam/EducationAssistance.aspx> for further information and access to the application.
